Rethinking Outdoor Learning in KS1

Early Excellence is delighted to be working in partnership with Heatherton Girls School to offer a full day of training for KS1 staff.

Join us for this full day of training, designed to support leaders and teachers on planning and creating an effective outdoor learning environment that complements and supports the KS1 curriculum.

Explore key aspects of pedagogy alongside new ideas with inspiration for practice and provision.

Over the course of the day we will cover:

- **Key Principles:** Recognising the Importance of Outdoor Learning
- **Rethinking Provision:** Exploring Continuous Provision outside
- **Linking Provision to the Curriculum:** Considering a Range of Strategies

Benefits:

- Develop a clear understanding of the value of outdoor learning in relation to the key principles of child development
- Consider a wealth of practical ideas to embrace outdoor learning, complementing and supporting the KS1 curriculum
- Deepen your knowledge of how critical skills can be effectively embedded and extended through careful planning and preparation of the learning environment
